

Last year, the Grassroots Alliance for Police Accountability held **19 community conversations across 38 wards and talked to close to 2000 people**

**In every conversation & every ward, Chicagoans agreed on one big issue – COMMUNITY OVERSIGHT OF THE POLICE IS NECESSARY**

Come to our local Community Conversation where we will share the work that's been done on community oversight across the city. Come to listen to proposals around a community oversight commission & be ready to share **YOUR** ideas around community oversight of the police department.
